# We Oppose Governor David Paterson's 2011 Executive Budget

We the undersigned are opposed to Governor David Paterson's 2011 Executive Budget. These cuts would cost NYC over $1.3 billion in essential funds.

- **Department of Education** – cut $500 million
- **Health and Hospitals Corporation** – cut $95 million
- **Social Services** – cut $90 million
- **Aid to Municipalities** – cut $650 million

Each of these funding sources supports vital services for the neediest New Yorkers. New York City cannot endure any more cuts. Our members are dedicated public employees who provide quality, cost-effective services to all New Yorkers. Children, patients, seniors, the homeless and taxpayers will all suffer from these devastating cuts.

**Therefore, we strongly urge you to oppose these disastrous cuts and to take the necessary actions to ensure that the New York State Legislature does not enact these budget reductions.**
