

Bio for Sherri Holmes

Greetings Sisters and Brothers! My name is Sherri Holmes and I work at 92nd Street Y where I am Associate Director of Production. I have been a member of local 215 for over 20 years and have been in various union roles such as Shop Steward, Vice President and executive board member of local 215 for two terms, as well as a Vice President on the executive board of DC1707. I am currently Chapter Co-Chair at my job site. These roles have given me an opportunity to help members by negotiating contracts with strong wage increases, defending those with disciplinary issues, fighting for those experiencing discrimination and helping members with keeping their jobs. I take these positions seriously and never lose sight of their main goal, which is to advocate for members and strive to be a voice for the voiceless.
